

VISITING ADDRESS:

Europaweg 875, Havennummer 8202,
3199 LD Rotterdam (Maasvlakte)

(Please note: Follow port number 8100)

HUTCHISON PORTS ECT DELTA

You will (soon) be visiting Hutchison Ports ECT Delta, Building 5.
We would like to draw your attention to the following important information.

ROUTE TO HUTCHISON PORTS ECT DELTA, BUILDING 5

The route to the ECT Delta terminal is easy to follow: simply use **port number 8100** on the road signs in and around Rotterdam (**please note:** the address of our office is port number 8202, but do not follow this number once you are on the Maasvlakte). The full address can be found at the top right of this page. Building 5 is part of the Hutchison Ports ECT Delta terminal area but is located just outside the terminal itself.

On the Maasvlakte, take the exit 'Ports 7200-8100'. At the end of the exit, turn left towards 'Ports 8100-8210' and continue onto Yukonweg. Cross the railway and the 'closed lane', then take the next right turn; there is a sign here indicating parking for Hutchison Ports Europe Intermodal. Follow the road and drive between the building (building 5) and the parking area to the end of the building, where you can park. The offices are located here.

Some navigation systems may not suggest the shortest route to our office, as they are not familiar with the numbering system on the Europaweg (they may direct you off the A15 too early). Please check this before departure or rely solely on the port numbering system.

Please allow for additional travel time. We are located on the Maasvlakte. Travel time by car from Rotterdam city center is approximately 45 minutes.

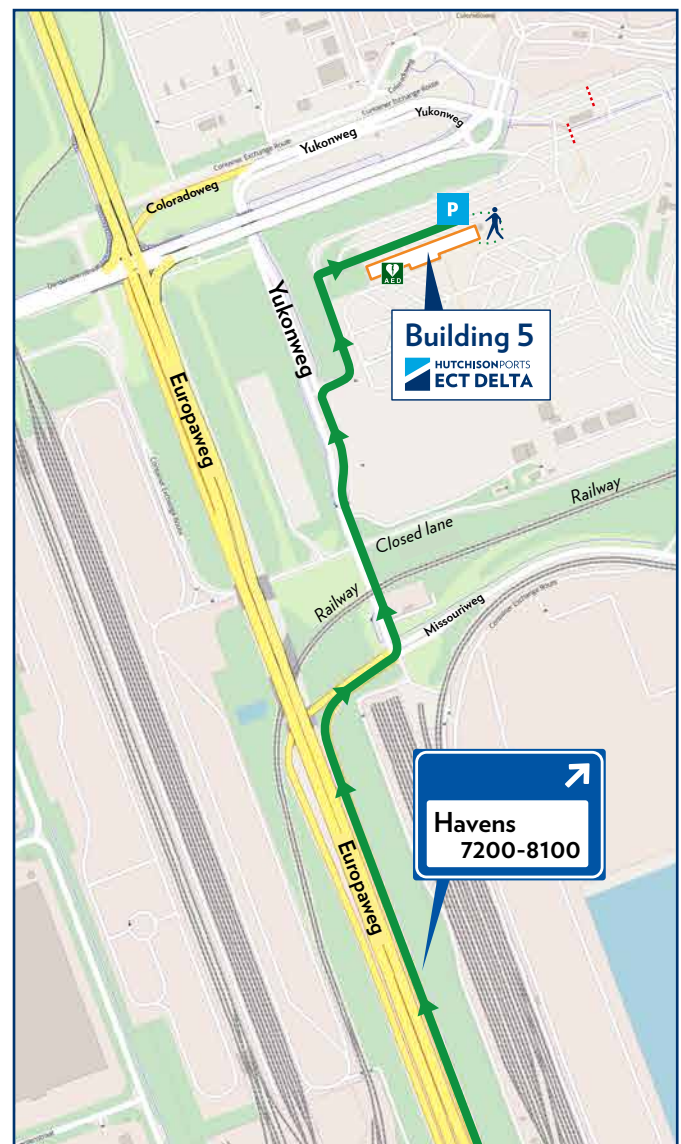

REGISTRATION NOT REQUIRED FOR BUILDING 5 VISIT

Building 5 is located outside the terminal. Therefore, you and any passengers do not need to report to the security desk, and no safety instruction is required.

TRAFFIC AND SAFETY REGULATIONS

While on our premises, you must comply with ECT's safety and conduct regulations, including:

- You must park your vehicle in designated parking areas;
- When entering or leaving the premises/building, you are required to cooperate with any security checks;
- Smoking is only permitted in designated areas;
- The consumption, possession, and/or transport of alcoholic beverages, drugs, and/or mind-altering substances is prohibited during your visit, unless medically prescribed.

QUESTIONS?

If you have any questions, please contact your ECT representative.
